ABOUT TEDx

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TEDTalks video and live speakers combine to spark deep discussion and connection in a small group. These local, self-organized events are branded TEDx, where x = independently organized TED event. The TED Conference provides general guidance for the TEDx program, but individual TEDx events are self-organized. (Subject to certain rules and regulations.)

ABOUT TED

TED is a nonprofit organization devoted to Ideas worth Spreading. Started as a four-day conference in 1984, TED has grown to support world-changing ideas with multiple initiatives. At TED, the world's leading thinkers and doers are asked to give the talk of their lives in 18 minutes. Talks are then made available, free, at TED.com. Follow TED on Twitter at twitter.com/TEDTalks, or on Facebook at www.facebook.com/TED.

YOUTH ideas ^{for} WORTH sharing

Think of the value of an **IDEA!**

How can we make the future better? We can do so by promoting the innovation of the way in which we live.... All ideas should be heard, shared, tested and thought through... We do this while they're having fun, and help them find their voice in order to express themselves. Even the simplest ideas get lost when not conveyed effectively... The team wants every youth to have the tools to express themselves in the best possible light, unlike most other camps... Instead, we have activities focused on brainstorming which helps with expressing what matters to them

We strive to help attendees express what matters to them and encourage them to share their ideas and passions effectively which open doors to improve the world. The results are amazing to see...

Mission of the **Innovation Camp**

Every young person...and innovator—if this potential is nurtured...grow ideas through brainstorming and work potential into every voice. Each youth attendee is assigned a mentor...ideas are tailored to the youth's personality, passion, and values...increase their self-confidence as they learn and while making new friends and having fun... **Innovation Camp** is and enjoyable learning experience!

Focusing on **building ideas**

...The camp attendees' program is designed to improve individual thought and communication skills as well as the ability to express themselves for what they can become—not for what they've already done. Attendees learn amazing and valuable life skills which are a

supplement to their high school education and prequel for college.

Talented **Counselors**

...These adults are patient and understanding, while looking for the interest and passion in each teen, and working to extrapolate...their own struggles with youthful issues and therefore are able to work with kids better.

2016 HALL of INNOVATION **will AMAZE you!**

The culmination of Innovation Camp is every camper coming up with an idea worth sharing. They can then present their idea to the public in the Hall of Innovation held on January 17, 2016.
